# Long-Haul Solutions

These plane-friendly products will keep you looking great and feeling refreshed on the red-eye to Europe.

By **Elizabeth Woodson** Photographed by **Sang An**

**S**PENDING HOURS ON end at 30,000 feet is no picnic. So whether you're looking to moisturize or to get a good night's sleep, we've got the quick fix. It may not replace antibacterial hand sanitizer, but an *Infusion d'Iris Refreshing Tissue* by **Prada 1** will give you an instant pick-me-up with its scent of iris, vetiver, and Sicilian mandarin. The green tea-and-shea butter formula in the *Time Response Hand Renewal Creme* by **AmorePacific 2** promises to ward off dryness. To combat under-eye puffiness, pack **Sampar Eye Rule's** steel roller ball with argan oil **3**. For immediate hydration, use *Stimulskin Plus Divine Lifting Cream* by **Darphin 4**—it absorbs quickly and won't leave a greasy residue on your face. *Anti-Aging Eye Illuminator* from **Peter Thomas Roth 5** reflects light to reduce the appearance of dark circles. Sleeping with makeup on can clog pores; **MD Skincare EZ4U 4-in-1 Facial Treatment Packettes 6** remove all traces just as well as soap and water without drying your skin. Dab a bit of lavender-infused *Cedrus Temple Soother* by **Molton Brown 7** on your pulse points to help you relax. Thanks to raspberry and shea butter, **La Prairie Cellular Lip Renewal Concentrate 8** soothes even the most chapped lips. To keep light out and lock in moisture, don the **Talika Eye Therapy** sleeping mask **9**. Its gel coating of avocado, safflower, and other essential oils is a secret weapon for any frequent flier. +
