ANTIAGING look-goods*

GET FLAWLESS SKIN

You already know self-tanners can help hide fine lines and a dull complexion. Now go one step further with New York dermatologist Dennis Gross's exfoliating Glow pads, which tan you while reversing signs of aging. Packed with glycolic acid, soy proteins, and vitamin D, they'll get you glowing in one hour.

AMP UP YOUR EYES

A volumizing mascara or a set of falsies can work wonders for boosting lackluster lashes in a pinch, but to really combat stubby, thin, and stiff lashes, adding a strengthening treatment into your routine is a must. Talika's formula darkens, lengthens, and enhances curl with 12 plant ingredients and silk proteins.

**Talika Lipocils

FIRM YOUR BOD

Need a lift? Clarins's new skin toner cinches problem areas in only minutes for smooth, younger-looking limbs. Centella and cocoa plant extracts boost collagen, and lemon-thyme extract improves your skin's natural production of elastic fibers. For long-term benefits, Nivea's cellulite gel reduces the appearance of slack skin in one month.

HIDE LINES & CIRCLES

If you're not ready for derm injections but want right-now results, a wrinkle filler from Kiehl's "can get you close," says New York dermatologist Adam Geyer. Filling spheres and polymers work in less than five minutes. To minimize dark circles and puffiness around your eyes, brush on Olay's tinted instant-hydrating formula.

**Kiehl's Double
Strength Deep
Wrinkle Filler, \$39**

**Olay Total Effects Dark Circle
Minimizing Eye Brush, \$18.99**

BOOST YOUR SMILE

"Lightening your teeth one to two shades can take up to seven years off your face," says New York dentist Paul Siu. Try Crest 3D White Advanced Vivid Enamel Renewal Toothpaste (\$4.25). And check out Clinique's Brighter Smile Lip Collection, 12 hues containing blue undertones, proven to help fake a whiter smile. **Jessica Prince**

**Clinique Brighter Smile lipsticks
