all about you **LITTLE LUXURIES**

Makeup artist and Pixi Cosmetics founder Petra Strand counts Helena Christensen and Kylie Minogue among her fans, but her biggest (littlest) supporter—no doubt—is her youngest son, Zac, age four. Her makeup line (see palette and lip duo, right) is designed to brighten and smooth skin naturally.

BUSINESS TRIP = NIGHT OF TOTAL RELAXATION

Definitely don't count on the hotel to provide all the good stuff. It really is worth lugging a few extras. They will turn even a Motel 6 into ... well, a super-relaxing, no-kids-no-husband/partner, all-the-TV/movies-you've-meant-to-catch-up-on Motel 6. (Of course, we're dreaming of the Chateau, right.) Here, our totally un-minimalist packing list:
